Parent FAQs (Concise Version)

What is VR learning?

- VR uses age-appropriate visuals to make learning about animals, nature, and places fun and engaging.

Is it safe?

- Yes. VR is supervised, controlled, and limited, following early childhood safety guidelines.

Will it replace play or teaching?*

- No. VR complements hands-on activities and teacher-led learning.

Benefits for my child?

- Enhances curiosity, attention, vocabulary, imagination, and concept understanding.

How often is it used?*

- Short, planned sessions ensure a balanced routine.

Will my child be uncomfortable?

- No. Participation is gentle, guided, and optional.

Why use VR at Coral Kids?

- To make learning engaging, memorable, and future-ready.
